Must have details of the Invoice Image

- Invoice owners should make sure they have the following printed or typed on the upper third of the Invoice in correct format prior to Invoice submission

a) Invoice number
   *Keyword “Invoice” should appear only on the Invoice and no where else. The keyword “Invoice” should be redacted if it appears anywhere on the supporting documentation
   *Image of the Invoice can be in any of the formats: .png, .jpg, .jpeg, .tiff
   *Size of the image file should not exceed 10MB

b) Purchase Order Number (For PO based Invoices only)
   *Correct format is PO XXXXXXXXXX

c) GL/ Grants coding (where applicable)

d) Name of the GW Point of Contact or Invoice owner
   *Correct format is ATTN: First name Last name. Accounts Payable should not be entered as GW POC.

- Supporting documentation can be combined and submitted with the invoice as the first page
- For payments that are going through Treasury Management, the first page of the document must be the source document of the supplier’s banking information
Non PO Invoice Submission Process Overview in GW iBuy+ Invoice for GW End User

- Orange line for Vendors
- Blue line for GW Users

**Automatic**
- Invoice appears in the assigned queue at least 48 business hrs after submission

**Manual entry**
- Review the Invoice in GW iBuy+ Invoice
  - Invoice number
  - Attention to (Name of the Invoice owner)
  - GL coding (Add where applicable)

- If the Invoice is submitted via Capture, then check if the data fields in the header are populated accurately
- If the invoice is entered manually using entry form, then make sure to fill all mandatory/required fields on the header

- Add line items in the Itemization summary and allocate
- Upload invoice image
- Resolve any/all exceptions
- Submit Request
- Add (required) Approver

*Comments/Message is the only data field to convey any message/information about the invoice*
**Check if the following are printed/typed on the electronic image of Invoice before you start in GW iBuy+ Invoice**
- Invoice number
- Attention to (Name of the Invoice Owner)
- PO number: PO XXXXXXXX (PRINT/Typed the number on the upper third of the invoice and use the format in green)
- Line number of the PO

- If the invoice is submitted via Capture, then check if the data fields in the header are populated accurately
- If the invoice is entered manually, then make sure to fill all mandatory/required fields on the header

- Invoice appears in the assigned queue at least 48 business hrs after submission

2 way PO → no receiving required.
3 way PO → Receive in either GW iBuy+ or EAS. (GW iBuy+ will allow to receive one line item at a time. To receive all, use EAS)

**Match PO line items to the Invoice line items**

**Review the Invoice in GW iBuy+ Invoice**

- If approval is not received within 48 hrs, then invoice will be returned to approver

**Review all/any exceptions**

**Upload invoice image**

**Submit Request Payment**

**Add (required) Approver**
